Item 10: Resolution regarding adoption of principles for the nomination committee

The nomination committee proposes that the following principles for the nomination committee are adopted. The principles are mainly the same as last year.

Role of the nomination committee

The Company shall have a nomination committee with the task of preparing and proposing decisions to the annual, and as applicable extra, shareholders' meetings on electoral and remuneration issues and, where applicable, procedural issues for the appointment of the subsequent nomination committee. The nomination committee is to propose:

- the chairman of the annual general meeting;
- candidates for the position of chairman and other directors of the board;
- directors' fees and other remuneration for board assignments to each director;
- fees to members of committees within the board;
- election and remuneration of the Company auditor; and
- principles for the nomination committee.

The nomination committee shall in its assessment of the evaluation of the board and in its proposal in particular take into consideration the requirement of diversity and breadth on the board and strive for equal gender distribution.

Regardless of how they have been appointed, the members of the nomination committee are to promote the interests of all shareholders of the Company.

Members of the nomination committee

The nomination committee, which is to be appointed for the time until a new nomination committee has been appointed, shall consist of four members, of whom three shall be nominated by the Company's three largest shareholders or owner groups by voting power and the fourth shall be the chairman of the board. The chairman of the board shall as soon as reasonably practicable after the end of the third quarter, in an adequate manner, contact the three owner-registered largest shareholders or owner groups, by voting power, according to the share register maintained by Euroclear Sweden AB at that time, and request that they, taken into consideration the circumstances, within reasonable time which cannot exceed 30 days, in writing to the nomination committee nominate that person whom the shareholder or the owner group wishes to appoint as member of the nomination committee. If any of the three largest shareholders or owner groups wish not to exercise their right to appoint a member of the nomination committee, the next shareholder or owner group in consecutive order shall be entitled to appoint a member of the nomination committee. In the case that several shareholders or owner groups do not use their right to appoint a member of the nomination committee, the chairman of the board shall not be required to contact more than eight shareholders, unless it is necessary in order to obtain a nomination committee consisting of a minimum of three members.

Unless otherwise agreed between the members, the chairman of the nomination committee shall be nominated by the largest shareholder or owner group by voting power. A member of the board of directors should never chair the nomination committee.

If a member nominated by a shareholder or owner group during the year ceases to be one of the Company's three largest shareholders by voting powers, the member nominated by such shareholder or owner group shall resign from the nomination committee. Instead, a new shareholder among the three largest shareholders or owner groups shall be entitled, independently and in its sole discretion, to appoint a member of the nomination committee. However, no marginal changes in shareholding and no changes in shareholding which occur later than two months prior to the annual general meeting shall lead to a change in the composition of the nomination committee, unless there are exceptional reasons.

If a member of the nomination committee resigns before the nomination committee has completed its assignment for reasons other than set out above, the shareholder or owner group who has nominated such member shall be entitled, independently and in its sole discretion, to appoint a replacement member. If the chairman of the board resigns from the board, his/her successor shall replace the chairman of the board also on the nomination committee.

Announcement of the nomination committee members

The chairman of the board shall ensure that the names of the members of the nomination committee, together with the names of the shareholders by whom they have been nominated, are published on the Company's website no later than six months before the annual general meeting.

If a member leaves the nomination committee during the year, or if a new member is appointed, the nomination committee shall ensure that such information, including the corresponding information about the new nomination committee member, is published on the website.

A change in the composition of the nomination committee shall be published immediately.

Proposals to the nomination committee

Shareholders shall be entitled to propose board members for consideration by the nomination committee. The nomination committee shall provide the Company with information on how shareholders may submit recommendations to the nomination committee. Such information will be announced on the Company's website.

The chairman of the board of directors shall, as part of the work of the nomination committee, keep the nomination committee informed about the work of the board of directors, the need for particular qualifications and competences, etc., which may be of importance for the work of the nomination committee.

Proposals by the nomination committee

When preparing its proposals, the nomination committee shall take into account that the board of directors is to have a composition appropriate to the Company's operations, phase of development and other relevant circumstances. The directors shall collectively exhibit diversity and breadth of qualifications, experience and background. The nomination committee shall further strive for equal gender distribution.

The nomination committee shall provide the Company with its proposals for board members in such time that the Company can present the proposals in the notice of the shareholders' meeting where an election is to take place.

When the notice of the shareholders' meeting is issued, the nomination committee shall issue a statement on the Company's website explaining its proposals regarding the composition of the board of directors. The nomination committee shall in particular explain its proposal against the background of the requirement to strive for an equal gender distribution. The statement is also to include an account of how the nomination committee has conducted its work and a description of the diversity policy applied by the nomination committee in its work. In case a resigning managing director is nominated for the position of chairman of the board of directors, the nomination committee shall specifically explain the reasons for such proposal.

The nomination committee shall ensure that the following information on candidates nominated for election or re-election to the board of directors is posted on the Company's website at the latest when the notice to the shareholders' meeting is issued:

- year of birth, principal education and work experience;
- any work performed for the Company and other significant professional commitments;
- any holdings of shares and other financial instruments in the Company owned by the candidate or the candidate's related natural or legal persons;
- whether the nomination committee deems the candidate to be independent from the Company and its executive management, as well as of the major shareholders in the Company. If the committee considers a candidate independent regardless of the existence of such circumstances which, according to the criteria of the Swedish Code of Corporate Governance, may give cause to consider the candidate not independent, the nomination committee shall explain its proposal; and
- in the case of re-election, the year that the person was first elected to the board.

When appointing a new auditor the nomination committee is also to present proposals on the election and remuneration of the statutory auditor. The nomination committee's proposal to the shareholders' meeting on the election of the auditor is to include the audit committee's recommendation (or that of the board of directors if it does not have an audit committee). If the proposal differs from the alternative preferred by the audit committee, the reasons for not following the committee's recommendation are to be stated in the proposal. The auditor or auditors proposed by the nomination committee must have participated in the audit committee's selection process if the company is obliged to have such a procedure.

Account of the work of the nomination committee

All members of the nomination committee, where possible, and as a minimum one of the members, shall be present at the annual general meeting.

The nomination committee shall at the annual general meeting, or other shareholders' meetings where an election is to be held, give an account of how it has conducted its work and explain its proposals against the background of what is provided about the composition of the board as set out above. The nomination committee shall in particular explain its proposal against the background of the requirement above to strive for an equal gender distribution.

Fees and Costs

No fee shall be payable by the Company to any member of the nomination committee.

The Company shall bear all reasonable costs associated with the work of the nomination committee. Where necessary, the nomination committee may engage external consultants to assist in finding candidates with the relevant experience, and the Company shall bear the costs for such consultants. The Company shall also provide the nomination committee with the human resources needed to support the nomination committee's work.

Item 11: Resolution regarding guidelines for remuneration to senior executives

Upon recommendation of the remuneration committee, the board of directors of the Company proposes that the annual general meeting resolves to adopt the following guidelines for remuneration to senior executives.

The guidelines shall apply to remuneration that has been agreed upon or to changes in already agreed remunerations after the guidelines have been adopted by the annual general meeting. The guidelines do not apply to remunerations that has been resolved by the general meeting and any remuneration through shares, warrants, convertibles or other share-related instruments such as synthetic options or employ stock options shall therefore be resolved by the general meeting.

These guidelines apply to the CEO and other senior executives in the company group and all other remuneration to members of the board except fees to the board of directors.

Regarding employment conditions that are governed by rules other than Swedish, appropriate adjustments may be made in order to comply with such mandatory rules or established local practice, whereby the general objectives of these guidelines shall, to the extent possible, be met.

Remuneration may consist of fixed cash salary, possible variable cash compensation, other customary benefits and pension. The total annual cash remuneration, including pension benefits, must be market-based and competitive in the employment market and in the work area in which the employee is situated, taking into account the individual's qualifications and experience and that outstanding achievements are to be reflected in the total remuneration. Fixed cash salary and variable cash remuneration shall be related to the executive's responsibility and authority. The fixed cash salary shall be revised annually.

Fixed and variable salary shall be related to the senior executive's responsibility and authority. The variable cash remuneration shall be based on the outcome of pre-determined targets and should be designed with the aim of achieving greater alignment of interest between the participating senior executive and the Company's shareholders.

The variable cash remuneration shall be based on and be related to the outcome in relation to predetermined and measurable concrete defined objectives based on the Company's business strategy and the long-term business plan approved by the board of directors. The objectives may include financial objectives, either at the group or unit level, operational objectives as well as objectives for sustainability and social responsibility, employee engagement or customer satisfaction, as well as individualized quantitative or qualitative goals. These objectives must be established and documented annually in order to promote the long-term development of executives. The Company has established financial targets and KPI's based on strategic and business-critical initiatives and projects that ensure fulfillment in accordance with the business plan and business strategy for a sustainable continued business and safeguarding the Company's long-term interests.

The variable remuneration shall for the CEO not exceed a maximum of 200 percent of the fixed annual salary and shall not exceed 150 percent of the other senior executives' fixed annual salary. The fulfillment of criteria for payment of variable cash compensation shall be measurable over a period of one year. Terms for variable remuneration should be designed so that the board of directors may limit or omit payment of variable remuneration, provided that exceptional economic circumstances are at hand, if the board of directors finds the payments unreasonable and incompatible with the Company's responsible in relation to its shareholders. With respect to yearly bonuses, it should be possible to limit or omit payments, if the board of directors finds it motivated because of any other reasons.

Additional variable cash compensation may be payable in exceptional circumstances, provided that such arrangements are time-limited and made only at the individual level. The purpose of such arrangements must be to recruit or retain executives, or as compensation for extraordinary work in addition to the person's ordinary duties. Such compensation shall not exceed an amount corresponding to 50 percent of the fixed annual cash salary and shall not be paid more than once per year and per individual. A decision on such remuneration shall be made by the board of directors on proposal from the remuneration committee.

Pension payments shall be fee determined. Senior executives shall be entitled to pension commitments based on those that are customary in the country in which they are employed. The maximum pension commitment shall not exceed 35 percent of the fixed annual cash salary. Pension commitments will be secured through premiums paid to insurance companies.

Other benefits may include: life insurance, health insurance and car benefit. Such benefits may amount to a maximum of 20 percent of the fixed annual cash salary.

For executives who are stationed in a country other than their home country, additional remuneration and other benefits may be paid to a reasonable extent, taking into account the particular circumstances associated with such expatriation, whereby the overall purpose of these guidelines is to be met as far as possible. Such benefits may amount to a maximum of 20 percent of the fixed annual cash salary.

Payment of consultancy fees and additional remuneration may be paid to directors after decision by the board of directors, if a director performs services on behalf of the Company, which do not constitute board work.

Fixed salary during the notice period and severance pay shall in total not exceed an amount corresponding to a maximum of a two years' fixed salary.

The board of directors shall be entitled to deviate from the guidelines in an individual case if there are special reasons for it.

Decisions regarding salary and other remuneration to the managing director and other senior executives are prepared by the remuneration committee and resolved on by the board of directors.

The total amount of remuneration granted or to be granted directly or indirectly by the Company to the senior executives is fully described in the consolidated financial accounts of the Company, which will be disclosed in the annual accounts for 2019 which will be available at the Company's website no later than on 14 May 2020, www.jetpakgroup.com.

Item 12: Resolution regarding authorization for the board to issue shares, convertibles and/or warrants

The board of directors of the Company proposes that the annual general meeting of the shareholders shall resolve to authorize the board, on one or more occasions, with or without preferential rights for shareholders, to issue in total a maximum of shares, warrants and/or convertibles, with the right to subscribe and convert to ordinary shares, respectively, in the Company, corresponding to not more than 10 percent of the share capital of the Company after dilution based on the number of shares at the time of the annual general meeting, to be paid in cash, by set-off or in-kind.

The purpose for the board to resolve on issuances with deviation from the shareholders preferential rights in accordance with the above is primarily for the purpose to raise new capital to increase flexibility of the Company or in connection with acquisitions.

Issuances of new shares, warrants or convertibles under the authorization shall be made on customary terms and conditions based on current market conditions. If the board of directors finds it suitable in order to enable delivery of shares in connection with a share issuance as set out above it may be made at a subscription price corresponding to the share's quota value.

The board of directors or a person appointed by the board of directors shall be authorized to make such minor adjustments in the above resolution that may be required in connection with the registration with the Swedish Companies Registration Office.

Item 13: Resolution regarding cash-based incentive program

The board of directors of the Company proposes that the annual general meeting of the shareholders shall resolve to implement a cash-based incentive program in accordance with the following.

Background

The incentive program shall cover the period 2021-2023 and will be based on the Company's externally communicated and verified long term business targets, which are:

- 12 percent of adjusted EBITA margin
- 5 percent annual organic growth (over a business cycle)
- Dividend that exceeds 50% of profit for the period

There is a high level of relationship between the Company's communicated business performance targets (growth, profit/EBITA and dividend/cash) and the expected market valuation of the Company. Hence a strong link between what management can influence and the ultimate long-term benefit for the shareholders.

The plan is therefore to build up an incentive program structure which is based on pure business-based parameters, rather than on a future share price (e.g., in the form of a standard warrant program), which during a limited subscription period to a large extent can be affected by other external factors. Furthermore, this proposed incentive structure will not dilute any existing shareholders.

Summary of the incentive program

- Program period: Three years: 2021-2023
- Reference year: 2020
- Reward form: Cash paid out, taxed as salary (fully deductible as operational expense for the Company)
- The incentive program shall be subject to approval by the annual general meeting (simple majority)
- Reference base year: 2020, based on audited financial statements as presented at the annual general meeting 2021
- Payment: during Q1, 2024, based on approved and audited 2023 figures
- There will be no interim or part payments from the program during its 3-year period
- The program's provision by Y/E 2023 shall be fully accumulated and included in the balance sheet for 2023
- Amounts in scope: up to MSEK 7.5 per individual (different cap levels for different executives)
- Max direct program cost: MSEK 32. Amount is pre-tax levels for the individuals, but excluding social charges and pension fees (up to 50 percent on top of the program). Including social charges the max total cost for the program over three years is estimated to MSEK 48 (calculated with 50 percent add on charges, a level which varies between countries in scope; Sweden, Norway, Denmark & Finland)
- Individuals in scope: up to 10 individuals in total (capped)
- No other long terms incentive programs will be launched before 2024
- The program will be kept open for new entrants until June 2022, i.e. for potential new key staff that do not have an employment contract as per January 1, 2021 (program still capped to 10 individuals). The amounts in scope for those individual(s) entering later into the program will have their maximum incentive adjusted downwards pro-rata, month by month

- Half time into the program, after 18 months (from July 2022) the program will be locked for any new entrants.
- Any payment from the program requires a valid and active employment contract with the company group as per the 31 December 2023

Item 14: Resolution regarding amendments of the articles of association

The board of directors of the Company proposes that the annual general meeting resolves to amend the Company's articles of association as follows:

It is proposed to amend § 1 to change the Swedish term "firma" to "företagsnamn".

It is proposed that the clause regarding attendance at general meetings is amended due to changes in law. The articles of association, § 8 section two, will thereby have the following wording:

"Shareholders that wishes to participate in a general meeting shall be recorded in a transcript or other representation of the entire share register on the date as specified on the Swedish Companies Act and notify the company of their intention to participate by the date specified in the notice convening the meeting. The last-mentioned day must not be a Sunday, other public holiday, Saturday, Midsummer's Eve, Christmas Eve or New Year's Eve and not fall earlier than the fifth weekday prior to the meeting."

It is also proposed to introduce the possibility to collect proxies and postal voting. The articles of association will thereby have a new § 9 with the following wording (whereby the following clauses will have new numbering):

"The board of directors may collect proxies at the company's expense in compliance with the procedure set out in chapter 7 section 4 paragraph 2 of the Swedish Companies Act (2005:551).

The board of directors may resolve, ahead of a general meeting of the shareholders, that the shareholders shall be entitled to exercise their voting rights by post prior to the meeting."

It is finally proposed that the board of directors or anyone appointed by the board of directors is given the right to make the adjustments necessary in connection with the registration at the Companies Registration Office.

Majority requirements

A resolution in accordance with item 12 and 14 is valid where supported by shareholders representing at least two thirds of the votes cast and the shares represented at the general meeting.

Number of shares and votes

The total number of shares in the Company as of the date hereof amounts to 11,999,781 shares, with a corresponding number of votes. The Company holds no shares of its own.
